FROM THE PRINCIPAL’S OFFICE

As you can see in our newsletter there are plenty of events happening before the end of Term 1. There will also be some sporting trials for winter PSSA teams which may be of interest to students from Years 4 to 6.

Best wishes to all of our Year 5 students and staff attending the school camp next week. It is a tremendous venue so I hope everyone takes advantage of the opportunity to gain some great experiences. Thank you so much to all of the staff who have put their family life on hold to attend the camp.

Please note that Mr Warnock will be acting in my role from Thursday 21 March. I will return from leave on 10 April.

Volunteers Needed
If you are able to assist with the second hand uniform shop please contact the school. Any assistance would be appreciated.

Best wishes to everyone for a safe and enjoyable Easter break.

Examples of mathematics in Year 1

Students:
• State the place values of digits in two-digit numbers, eg: in the number 32 the 2 represents 30 or 3 tens;
• Begin to model multiplication using concrete objects, eg: 3x2 is the same as 3 groups of 2 or as an array of 3 rows of 2;
• Describe halves and quarters found in everyday life, eg: quarters of an orange, half a glass of water;
• Begin to use metres and centimetres to estimate and measure length and distance, eg: my book is 30 cm long, my desk is more than a metre wide;
• Count forwards and backwards by twos, fives and tens;

Examples of mathematics in Year 2

Students:
• Read clocks on the half hour;
• Count, read and write numbers up to 999;
• Begin to model division using concrete objects, eg: 6 divided by 3 is the same as sharing 6 objects into 3 equal groups;
• Record area by describing the number and type of units, eg: the area of this surface is 20 tiles;
• Use a calendar to identify dates, months, seasons and birthdays;
• Begin to understand and draw graphs and diagrams of data, eg: using simple picture graphs and column graphs;
• Recognise and explain numbers such as odds and evens, numbers ending with five and zero.

Examples of mathematics in Year 3

Students:
• Develop mental strategies to multiply a two-digit number by a one-digit number, eg: using known facts, multiplying the tens and then the ones, repeatedly doubling when multiplying an even number;
• Count, read, write and order numbers up to 9999;
• Identify, represent and compare fractions involving halves, quarters and eighths;
• Interpret decimal notation for tenths and hundredths, eg: 0.5 is the same as ½;

• Record area in square centimetres and square metres, eg: 5cm², 6m²;
• Recall multiplication facts (‘times tables’) up to 10x10;
• Organise data to create and interpret tables and graphs.

Examples of mathematics in Year 4

Students:
• Read and record time in one-minute intervals;
• Record numbers up to four digits using expanded notation, eg: 5429=5000+400+20+9;
• Develop mental strategies to divide by a one-digit number, eg:63 divided by 9 is 7 because I know 7 times 9 is 63;
• Determine factors for a given number, eg: factors of 12 are 1,2,3,4,6,12;
• Add and subtract decimals with the same number of decimal places (up to 2 decimal places), eg: 0.10+0.33=0.43;
• Relate common percentages to a fraction or decimal, eg: 25% means 25 out of 100 or 0.25;
• Manipulate and describe features of 2-D shapes, eg: pentagons, octagons, parallelograms;
• Record volume and capacity using litres, millilitres, and cubic centimetres, eg: 5L, 6mL, 27cm³;

CONTACTING STAFF
Please make an appointment when you need to see a member of staff. Appointments need to be made directly with the staff member you wish to see. Thank you.

DOUBLE PARKING IN FRONT OF THE SCHOOL
Double parking around our school is a common and unsafe practice. For the safety of our students please take a few minutes to park your car and walk to one of the gates. Double parking in a school zone is also illegal. Police and council officers patrol our school. Thank you looking out for our students!

LATE PICK-UPS
Any student who is waiting for a parent running late (after 3:15pm) must wait in the school office. At no time are students to wait/play in the playground, or wait on the street for parents who are late. If you are going to be late please contact the school so we can let your child know. **When you collect your child from the school office you must let a member of staff know.**

LIBRARY NEWS

THE PREMIER’S READING CHALLENGE – NEWSFLASH!

The NSW Premier’s Reading Challenge is currently experiencing problems with student access. The issue is statewide and cannot be rectified at a local school level. We suggest parents and students keep a record of books read and wait a week before attempting to enter data online at the NSW Premier’s Reading Challenge website.

The SHPS library staff continues to promote the NSW Premier’s Reading Challenge (PRC) as a great way to extend children’s reading skills and expose them to a ‘smorgasbord’ of classic writing for children.

PRC titles in the K-2 (marked with a Pink Star) and Years 3 and 4 (marked with a Yellow Star) sections of the PRC are located separately in the school library for ease of selection.

Students in Years 5 and 6 can locate NSW Premier’s Reading Challenge titles held in our library collection by using the ‘Reading Lists’ section of our school library catalogue ‘My Library’.

*Please note that the library computer system does not record your child’s loan history so it is important to record each title your child reads before returning it to the library!*

Once read, the title should be recorded into the student’s reading record online at: **www.schools.nsw.edu.au/premiersreadingchallenge**

Children can log on to the PRC website using the same username and password they use to access the Kid Space Portal. Usually this takes the following form: **username= john.smith3 and password = 2xx (class name.)**

NATIONAL RIDE TO SCHOOL DAY
National Ride2School Day is just around the corner! You are invited to walk, ride your bike, scooter or even travel to school on the back of mum or dad’s bike. There will be a prize draw at assembly for all students riding to school (tickets will be handed out at the new bike/scooter racks but you must have your helmet).

We support our students to walk or ride to school because:
- Students feel fresh and alert at the beginning of a school day.
- There are fewer cars around the school which eases ‘drop off congestion’.
- Students are more likely to reach the recommended 60 minutes of physical activity they need each day.
- Students feel happier, healthier and perform better in the classroom.

A few reminders for everyone riding to school: Don’t forget you need to wear a helmet and bring a lock to use on our new bike and scooter racks. Make sure you have completed a permission form.

PERMISSION FORM TO RIDE TO SCHOOL – Fill out the form and give it to Mr Warnock

I give permission for ___________________ to ride his / her bike / scooter to school on ______________________________ (days). He / she will wear a helmet, ride safely and abide by the road rules. ______________________________ will secure his / her bike / scooter to the bike rack at the entrance to the school or arrange with his / her class teacher to store the bike / scooter in the classroom.

CONGRATULATIONS!!

Congratulations to Angelina T from 6TK who has been selected in the Sydney East Representative team to compete at the NSW Tennis Championships later this year in Albury. Angelina is aiming to win Wimbledon one day and when she does, we can all think back to her time at Summer Hill (plus, she has promised me two free tickets!). Patrick V from 6JG also attended the same trials as Angelina. In his own words, “I didn’t play up to my usual standard...I had an off day”. However, I am sure that Patrick tried his very best and was a credit to his school. Congratulations to both Angelina and Patrick.

2013 NSW PREMIER’S SPORTING CHALLENGE

Dear Parent/Caregiver,

The Premier’s Sporting Challenge is back for 2013! It includes a range of initiatives with one common purpose – to have more students, more active, more of the time.

Our school has registered all primary classes from Year 3 to Year 6 in the 10 week Challenge that commences Term 2, Week 1 - Tuesday 30th April (Monday 29th April is a pupil-free day).

We welcome your support in encouraging your child’s participation in this very worthwhile program.

Each student will be provided with a log book that they are to use to record their weekly physical activity in 20-minute increments. The more time spent being active, the higher the level achieved.

Upon completion of the 10 week challenge, each student will receive an individual, personalised certificate from the Premier of New South Wales.

The logbooks are to stay at school for the duration of the challenge as we have found that in the past they are often lost or misplaced. At the end of the challenge all student data must be uploaded by the school.

Safe school travel

INFORMATION FOR PARENTS

Tips to improve children’s safety around your school

- Children aged four years to under seven years must be secured in a forward facing restraint or booster seat.
- Children aged four years to under seven years cannot travel in the front seat of a vehicle with two or more rows, unless all other back seats are occupied by children younger than seven years in a child restraint or booster seat.
- Children should always get in and out of the car through the near kerb side or ‘safety door’.
- Always drop your children on the school side of the road.
- Meet your children on the school side of the road, preferably at the school gate – particularly in wet weather.
- NEVER call to your children from across the road. Teach them to wait until you come to them. Talk with them about what they should do if you are not there on time.
- Children up to at least eight years old should hold an adult’s hand in the car park on the footpath and when crossing the road. Children between eight and at least ten years old should be closely supervised by an adult in the traffic environment and should hold an adult’s hand when crossing the road.
- Talk your child through the ‘STOP! LOOK! LISTEN! THINK!’ routine every time you cross the road together:
  - STOP! One step back from the kerb.
  - LOOK! For traffic to your right, left and right again.
  - LISTEN! For the sounds of approaching traffic.
  - THINK! Whether it is safe to cross.
  - Always look and listen for traffic as you cross the road.

- Always slow to 40km/h when travelling in an operating school zone.
- Always obey parking signs as these signs help save children’s lives.
- NEVER leave a child of any age in a vehicle without adult supervision. A small child may rapidly suffer dehydration, heat exhaustion and consequent organ failure. Older children could play games that may lead to tragedy.
- Always drop-off and pick-up your children from your school’s designated area, following your school’s road safety procedures with care and courtesy.

- Many schools have adopted a school ‘Drop-off and Pick-up’ zone – a facility that is convenient for drivers while enhancing the safety of children.

For a free copy of the School Drop-off and Pick-up initiative brochure, Stock No 4509 4011, containing information on establishing this initiative at your school, contact the RTA.
