FROM THE PRINCIPAL’S OFFICE

Dear Parents and Caregivers,

The staff of SHPS wish all our students and their families a very safe and happy Christmas. We wish our students and their families who are leaving us all the best in their new schools in 2015. You will be missed. We look forward to welcoming all our new students and their families to the Summer Hill school community in 2015 and sharing with them a year ahead full of exciting learning opportunities.

Classes 2015
Preparations are well underway for our 2015 classes. The class groupings are dictated by the staffing formula handed to us by the DEC and then marrying this allocation with the needs of all students across the school. When deciding on the classes for any year, we attempt to obtain as much information as possible to ensure that; given the resources of the school (number of teachers, classroom availability, number of children, etc.) we place children as best we can.

The classes are officially based on best social and academic fit - and they always will be.

What we do is have teachers form classes in consultation with the Executive. Please be assured that 99% of the time the issues the parents bring to us we know about and have dealt with already.

50 Sporty Things To Do Before You Turn 12 & three-quarters
The PDHPE Committee at Summer Hill Public School have challenged the students to complete a series of sporting activities over the summer holidays. The idea was borrowed and adapted from an English program and is designed to encourage students away from excessive screen time. It has been explained to the students that the challenge is NOT mandatory and, if attempted, that it must be completed under adult supervision. It is advised that the activities are supervised by parents/guardians and that all possible safety conditions are taken into consideration. Photos of students completing the challenge will be collected early next year to be shown in an assembly. Have fun doing these activities together or thinking of new ones!

Year 6 Dinner Dance
I would like to congratulate all our Year 6 students on a wonderful night of dancing and excitement for their Year 6 Dinner Dance last night. The staff of Canada Bay Club spoke with me in regard to the student’s excellent behaviour and I could not have been more proud of them. I wish them all the best in their journey into high school.

Please see the P&C Annual Report 2014 on our website. The staff and students thank the P&C for their outstanding support throughout 2014.

Merry Christmas and a Happy New Year
Karen Shehata (Principal)
The siege that we are seeing unfold in Sydney today will be having, and will continue to have a significant impact on many people around Australia. There has been building anxiety that there will be deliberate harm done to people in public and the threat that this siege poses will touch on the fears of individuals, families and children. 

The nature of events, such as this siege, is that they are seemingly random, unexpected and take place in places where people go about their daily business with the belief that they are safe. And this is one of the factors that makes an event such as this trigger our fear. It threatens one of our core beliefs that we are essentially safe. Media coverage at times like this is important in providing people who are affected with news and information about loved ones, about where to go and when it is safe. Reading and watching the media coverage and following what is happening on social media leads to feelings of worry, anxiety and distress for most of us. It is normal to feel anxiety and sadness for those who are involved, their loved ones and others that are affected. We know, though, that for some people, this ongoing media coverage has the potential to lead to some more significant feelings of anxiety, worry and sadness. This can be especially true of children, who do not always have a good understanding of what they are reading about or witnessing in the media, and to some extent need to be protected from some of this ongoing coverage.

When distressing events, such as this siege, are shown on TV, or covered on the radio or internet, parents need to be mindful of how much exposure their child has to this. The media can tend to focus on some of the more frightening aspects and images. Seeing this type of media coverage can cause distress or worry for children and young people. Children may also discuss these events amongst themselves, so even though children may not see images on TV, they may still be exposed through their conversations with others.

Some of the ways this sort of media coverage can affect children and young people includes:

It can lead to children and young people thinking a lot about the event, which can impact on their sleep and can also impact on their concentration when they are at school.

It can cause worry and anxiety that the same thing may happen to them or their family.

It can lead them to feel generally unsafe and worried and that some other bad event may happen to them or their family.

Families can help to support children at this time by:

- Restricting the amount of media coverage children see of the event.

- Watching media coverage with your child so that you are there to answer any questions they may have.

Helping to remind your child that they are safe and that you are there to answer any questions for them if they feel unsafe.

Giving support to your child if they are upset and comforting them.

Many children may feel worried or anxious over the days to come, but for most this will settle. If your child has worries or sadness about this event that continues over the days and weeks, then it is good to speak with a health professional about how your child is going.

Year 6 Show 2014
Lights Camera, Action!
This is my final report as President, and it gives me great pleasure to be able to report that it was another great year in 2014. The fundraising team led by Helen De Wolfe, organised a number of very successful events raising $101,214 in gross revenue, a slight decrease on income in 2013. This represents a net fundraising income of $53,726 for the year which is a wonderful result.

The result of all this work is our contribution to the school, and this year we made a financial contribution of $101,599. In line with our Disbursement Policy, this included $73,830 in Strategic funding, $25,948 in Committee and Curriculum funding and $1,822 in Contingency funding. Not all of this money was raised this year, but had been held over from previous years waiting for the right project to fund.

Overall we provided funding for student insurance, support for the music program, support for the sport program, funding for interactive whiteboards and most importantly, much needed funding to resurface the playground. We have also committed to provide an additional $30,000 in 2015 for the playground. The Annual Report is on the website, and it provides more detail about our activities in 2014.

It has been said before (and will no doubt be said again) but our volunteers are our lifeblood. On behalf of the community I thank everyone who has helped at the school either as a class parent, or helped in the classroom, helped at an event, attended a P&C meeting or attended one of our events. Thank you for supporting your kids’ school.

I would also like to thank the staff who have given us so much support throughout the year. Thank you to Eve who puts up with so many questions from me, and Poppy who makes our contributions to the School Newsletter look so professional; to Mark and Jane who come to our meetings bringing their ideas, energy and commitment to the education of our children; to all the teaching staff who support our events; to the office staff who support us; and to Karen who has been so wonderful to work with and who is leading the School so capably.

The P&C has done some wonderful things over the last few years, and none of it would have happened without such a committed executive team. I would like to thank all of the office bearers I’ve had the pleasure of working with, and in particular, I’d like to thank: the Vice-Presidents for helping to share the load, especially Priscilla for stepping in when I couldn’t; Frances for meticulous records and keeping our email database up-to-date; the Treasurers, especially Sandy who makes financial reporting so easy even I can understand it; and the indefatigable Helen. Thank you all for your commitment to the School, for your hard work, for your intellect and most importantly for your senses of humour …. We have had fun!!

Thank you to everyone who has helped us support Summer Hill Public School so it continues to be such a great school. We really couldn’t do what we do without all of you.

FORTHCOMING CELEBRATIONS AND EVENTS

Christmas Eve (Christian) – 24 December
Christmas Eve is the Christian celebration of the arrival of Mary and Joseph in Bethlehem for the birth of Jesus. Although Christmas Eve is not particularly celebrated in English speaking countries, in European countries religious ceremonies and celebrations such as lighting a yule log and having a special Christmas Eve are that animals can talk, water turns to wine and hidden treasures are revealed.

Christmas Day (Christian) -25 December
On Christmas Day, Christians celebrate the birth of Jesus Christ. It is the most widely celebrated Christian festival. Families gather to attend church services, sing carols, exchange gifts and enjoy special Christmas food.

Boxing Day – 26 December
This day’s name comes from the tradition from opening alms boxes placed in churches during the Christmas season. The contents of these alms boxes were distributed to the poor and needy of the parish.

Hogmanay – 31-December
Hogmanay is the Scottish New Year’s Eve celebration. At midnight people farewell the old year and welcome in the new year by drinking a ‘toast’ and holding hands to sing ‘Auld Lang Syne’.
